

[天醫正照化病無災](#)

Taking this Lunar New Year opportunity to convey my heartfelt appreciation of Master Chua selfless help in performing Liu Ren Ritual 天醫法 to help my father.

During November 2008, my father was diagnosed with tumour in the colon (colon cancer) which required immediate attention. Detailed medical examination on all major parts of the body was done due to the fact that physically he was very weak. Surgery was fixed on 26 November 2009, major one as he have to remove the tumour in the colon and bladder was affected.

Myself was very worried as it concern life and death, other than praying to Liu Ren Xian Shi 六壬仙師 for protection, there was nothing else i could do. As i was praying in one of the morning, there was a call from Master Chua, seems like XianShi arrange that, so i just informed him about the case of my father. Straightaway, he ordered me to pass him my father date of birth and to bring down a shirt that was worn my father to his office. He said he will arrange to perform Heavenly Cure 天醫法 for my father without any further delay.

Came the crucial day, 26 November 2008, seeing him being wheeled into the operation theatre broke my heart. There were the heart specialists, colon surgeon, bladder surgeon waiting for him. I could only prayed to Xian Shi hoping that after Master Chua had performed the Heavenly Cure ritual will minimise the risk, thus enhancing his chance of recovering.

Six hours passed, and he was wheeled back into the Intensive Care Unit, a very successful operation, no complication. Surgeon told us my father will need to be in hospital for at least 2 weeks before he can be discharged. 28 November 2008, Surgeon Colon cancer senior consultant Dr Tang, informed us that he was amazed with my father recovery from the operation. Thus he would be discharging my father on 29 November 2008. Thanks to Liu Ren Xian Shi 六壬仙師.

1 week later, detailed lab report, tumour was in stage T3N1, meaning stage 3, 1 step away from terminal stage, only consolation was that bladder not affected even though scan revealed so, and operation was done there, a mere 1mm difference.

Meanwhile, my father had just done his first Chemo, and he is coping well, enjoying the festive mood, hopefully he will clear this difficult stage of his life with the HELP of Liu Ren Xian Shi 六壬仙師.

With my strong belief in Miracles of Liu Ren, 六壬仙法充滿信心, AND the power of Master Chua performing the rituals, i am sure in the road of recovery, my father will never be alone.
